

# ENGINEERED FOR SUPERIOR PERFORMANCE

## Global Installation References

By 2018, more than 20,000 customers, keep growing...

AIRpipe's products are utilized globally for all compressed air, vacuum, inert gas, and fluid applications. Up to now, we have served more than 20,000 customers all over the world.

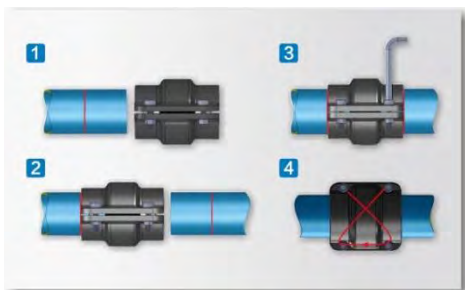

AIRpipe is suitable for various of industries, like Automotive, Foods, Aerospace, Appliance, Textile, Electronic & Optical, Rail Transit, Beverage ...

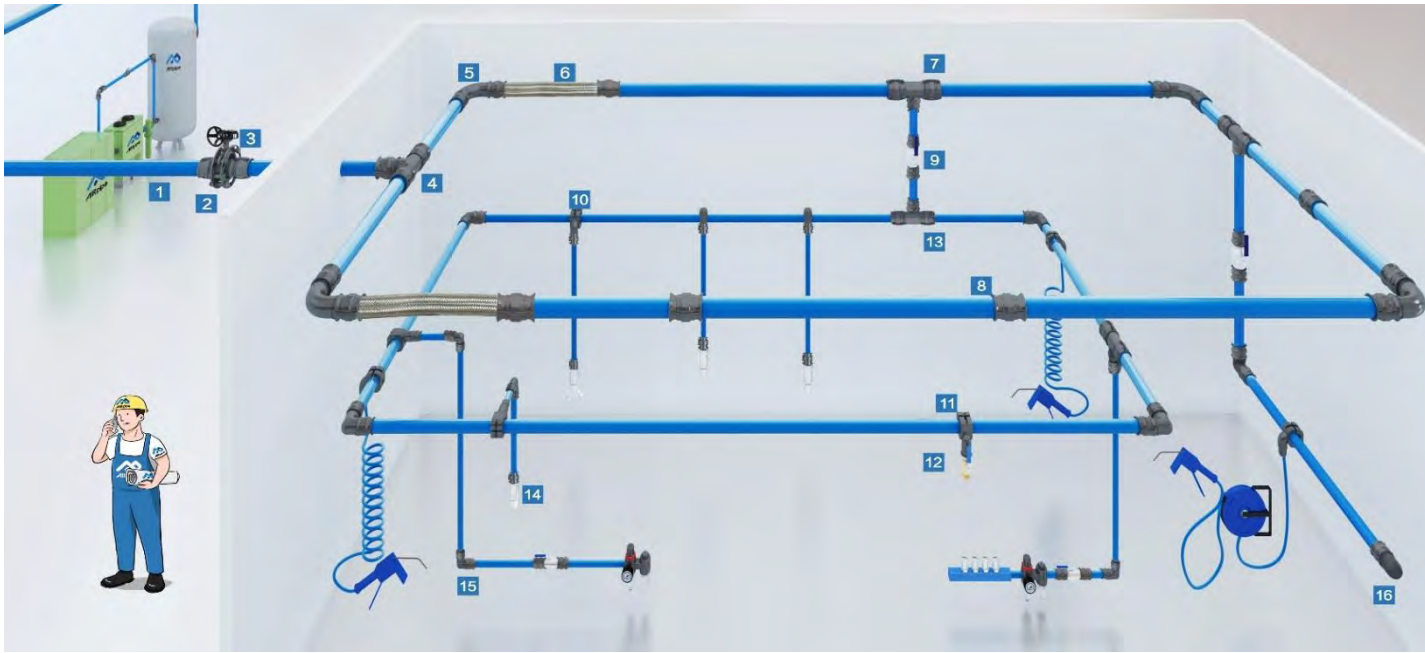

- Dual Performance**
- Surface contact and active sealing
  - Working Pressure up to 16bar
  - 20 year life

- ✓ Superior reliability
- ✓ Longevity
- ✓ Cost saving
- ✓ Quick & easy install

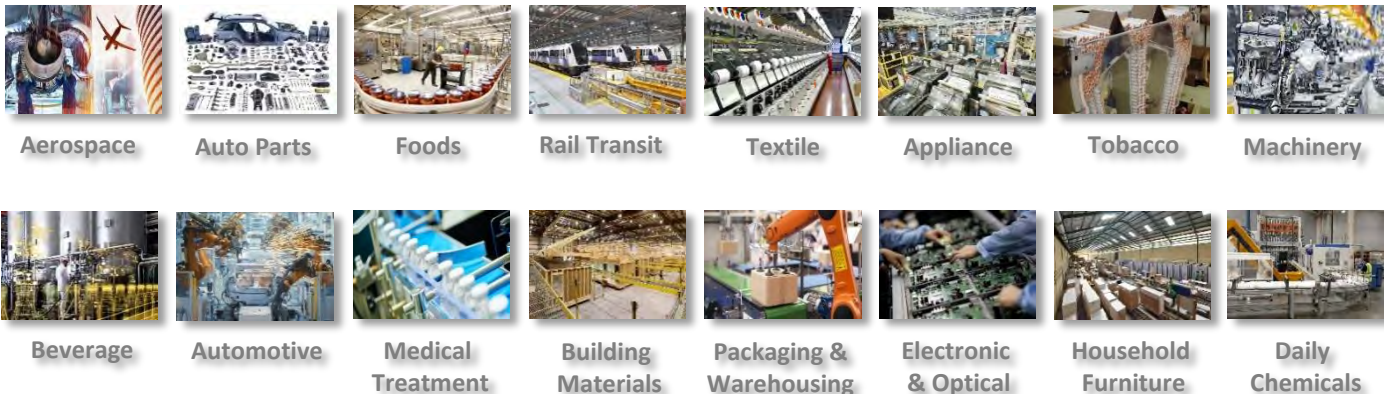

# From compressor rooms to workshops...

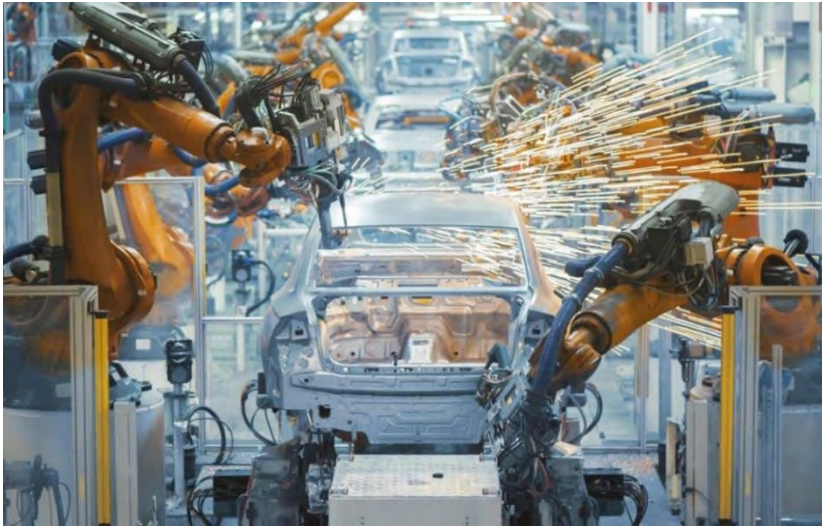

## Some cooperated brands of compressor...

## Main industries...

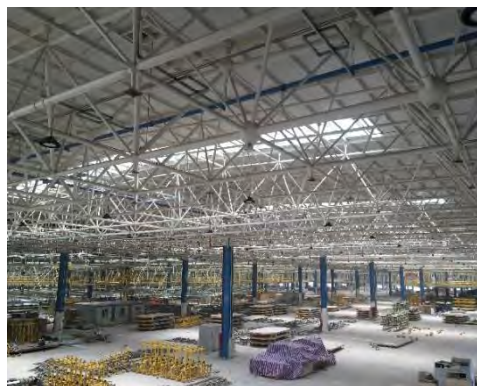

# Automotive

- Quick & Easy Installation
- Low Installation Cost
- Full Range Products & Accessories
- Modular & Aesthetical Design
- Superior Reliability & Longevity
- Anti-corrosion, Clean Air
- Competitive Price
- 10 Years Warranty

# One-stop Service

AIRpipe is providing experience of **“One-stop Service”** to the worldwide customers, from the first design of the pipe system to after service, one stop solution.

## Warranty and Certifications

### 10 Year Warranty:

AIRpipe warrants its products to be free of defects in material for a period of ten years from the date of product purchase.

AIRpipe does not warrant the design, assembly or installation of the system, but only the components within AIRpipe’s LOGO. AIRpipe is not responsible for improper assembly, installation, or for any modifications of the product.

The warranty is void upon:

- Failure to follow assembly or installation guidelines;
- Alteration, misuse or abuse of, or damage to the products;
- Operation beyond the design range, excessive pressure, stress, or mishandling in any way;
- Use other than for the intended purpose or in a manner other than specified by AIRpipe.

### Technical Specifications:

- Max. working pressure: 15bar (-20°C~ +80°C), 16bar (-20°C~ +45°C).
- Max. working pressure for DN200 is 13bar.
- Vacuum: 1mbar (absolute pressure).
- Working temperature: -20°C~ +80°C.
- Suitable fluids: compressed air, oil-free or lubricated, wet, vacuum, inert gases.
- Fireproof, and suitable for outdoor applications.

### Engineering standards:

ASME B31.1 & B31.3  
 UL94HB; UL94V-2  
 TUV; CE & EN  
 PED 2014/68/EU; TS  
 ASTM B241, EN755-8, GB/T4437.1-2000, JIS H4080

### Certifications and Compliances:

ISO 9001 version 2015  
 ISO 14001 version 2004  
 ISO 8573-1 version 2010  
 ASME, UL, TUV, CRN, CE, EN and TS

**We provide superior performing compressed air & gas systems with engineered longevity to reduce operating costs and improve productivity.**
