

Select your Seves Glass Block Pattern that best suits you and your home!

3" THINLINE® Series

ALPHA
This new Circular pattern gives an exciting new way to bring more light and drama to any project.

NUBIO ♦
Intersecting random wave pattern that provides an attractive appearance and excellent privacy. Smooth surfaces for easy cleaning.

AKTIS
Contemporary diamond prismatic design that creates maximum privacy and allows moderate light transmission.

CLARITY ♦
Faces are smooth and undistorted to transmit the most light and allow ultimate visibility. This is your best choice for passive solar collection and visual clarity.

ICE
Random texture built over the Nubio pattern. More privacy but without a fixed geometric design.

DIAMOND (DM)
This repeated diamond pattern features a raised half sphere in each center for a stylish look that also allows for privacy.

BRONZE
The wavy undulations of this pattern provides moderate light transmission with a subtle visual distortion in a light brown color.

Each block offers its own unique style, degree of light transmission and privacy. Perfect for replacement or new window applications.

♦ = Nubio and Clarity available in Energy Savings (All other patterns - Special Order)

4" PREMIERE™ Series

NUBIO ♦
The wavy undulations of this pattern provides maximum light transmission with subtle visual distortion. (THICKSET® 60, 90)

CORTINA
Non-directional pattern lets light in without sacrificing privacy. Maximum light transmission and privacy.

CROSS RIBBED
Rounded and perpendicular flutes diffuse light while allowing maximum light transmission and a medium degree of privacy.

ARTIC
The frosted glass appearance yields excellent privacy without pattern. Texture on inside of glass for easy cleaning.

ALPHA
This new circular pattern gives an exciting new way to bring more light and drama to any project.

CLARITY ♦
Faces are smooth and undistorted to transmit the most light and allow ultimate visibility. (THICKSET® 60, 90)

LIGHT-DIFFUSING & SPRAY 60
The fine grid design of the closely spaced ridges in this pattern offers moderate light transmission and a maximum degree of privacy. Also available as fire rated Spray 60.

Argus
Rounded perpendicular flutes provide medium privacy by diffusing light while allowing maximum light transmission. Also available in Parallel Fluted.

The 4" Premiere™ Series offers the widest variety of sizes, shapes and patterns for the ultimate in design flexibility and optimum performance.

♦ = Nubio and Clarity available in Energy Savings (All other patterns - Special Order)

4" PREMIERE® Series Shapes

8" ENDBLOCK™
The rounded, finished surface on one edge makes the block virtually disappear when used on the edge of panels.

8" ALLBEND™ 22.5°
A brilliant way to create smooth graceful curves. Ideally suited for columns.

8" DOUBLE-END™
Arched, soft edges to round out your design options or finish panels. Use with 8" End Block for a stepped panel.

8" TRIDRON® 45°
The unique shape of this block lets you create everything from 45-degree angles to full circles. Interior use only

8" CORNER 90°
Radiused corner unit allows you to form 90-degree corners resulting in a gently rounded continuous glass face.

4" FIRE-RATED GLASS BLOCKS
